1. **Marriage license** from your country (we know it is valid only in the USA but we still require this)
2. **Bride's and Groom's copy of their passports** and you must be older than 18 years old. (If you will have your own witnesses, we require a copy of their passports as well).
3. **Birth certificates** the long form for both with all the information in print and not handwritten.
(No short or brief versions of the document because it will not be accepted)
4. **Single Status letter from your State Registrar.** (You should bear in mind that it may take up to one month to obtain this certificate, but the date of its issuance must be not more than three months before the wedding event.
5. **A notary public statement saying you are free to marry- THE AFFIDAVIT**
6. **Divorce Certificate (final decree) or Death Certificate if any.** (If the bride and/or groom have been divorced, a divorce decree is needed. The bride may not marry if she has been divorced for less than 10 months.)

8. **Apostille stamp for each US paper separately from your State Department.**
PLEASE NOTE THAT THE BIRTH CERTIFICATES NEED THE APOSTILLE STAMP FROM THE STATE THEY ARE ISSUED AND NOT FROM THE STATE YOU LIVE.
10. **You have to be in Santorini 1 working day** after the wedding to register the wedding and the Town Hall will send you the marriage certificate by post.
